**DETAILED ACTION*****Continued Examination Under 37 CFR 1.114***

A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on August 5, 2009 has been entered.

***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1 and 3-9 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Newly added language of claim 1, lines 5-6 is unclear. It is unclear how the laminar form would be considered to extend parallel to the leading and trailing edges. From the Figures, it appears that the leading and trailing edges are not parallel in themselves yet substantially vertical, and the tether extends substantially horizontally. Examiner believes Applicant is intending to claim a laminar form tether that is oriented to extend from the leading edge to the trailing edge, and the leading edge of the tether extends vertically and is positioned

Art Unit: 3616

between and parallel to the leading edges of the each layer of the airbag and the trailing edge of the tether extends vertically and is positioned between and parallel to the trailing edges of the each layer of the airbag. Should Applicant amend as Examiner interprets, Applicant should review the claims and specification to ensure that no new 112 issues (such as 112.2<sup>nd</sup> and 112.1<sup>st</sup> new matter) are present with the newly added language.

### ***Allowable Subject Matter***

Claims 1 and 3-9 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Should Examiner's interpretation of Claim 1 be accurate, an amendment correcting the 112 rejection and not presenting new 112 issues would make claim 1 allowable.
